Zif 10, 2011
May 10, 2011

Unto the Church of God and Saints of Christ withersoever dispersed; All Hail.

Greetings of peace, love and truth according to Romans 16:16; Revelation 19:10. It is with sincerest hope it is well with the entire household of Israel; it is well with my soul.

The history of the Church of God and Saints of Christ is paramount to our past, present and future and preserving it has never been more vital. Present and future generations should have every opportunity to learn about the struggles and victories our organization has experienced since Prophet William S. Crowdy first received the revelation of the Seven Keys some 115+ years ago.

As Chief Executive of the Church of God and Saints of Christ, I have authorized incorporating an official Archive Committee to collect, secure, organize and store our important and historic church data to include documents, photos, music, videos and any other historical artifacts; Deacon Oliver Daley will serve as primary archivist to submit materials to the general archive committee. Please send all historic artifacts via email to archive@cogasoc.net. You may also mail COPIES to: Post Office Box 2672 Hagerstown, Maryland 21741 or transmit via facsimile at 301.576.5061

Plans are underway to launch a secured online research database on Abib 1, 2012. Members will be able to access, read and/or listen to our historic artifacts using the latest search engine technology.

In closing, I trust the entire Family of Israel has returned home safe from Passover Memorial and Days of Unleavened Bread and found all things well. Success of this great venture is within our reach; let us as the Family of God make it happen!

Peace and love;

Jude, verses 24 and 25; Romans 16:16

Thy Humble Servant,

Bishop Robert D. Grant, Sr.
Chief Executive
Church of God and Saints of Christ
